

Château Moulin des Blais

Guillaume GUERIN

The main trait of your character?

I am patient

What is your motto?

See the good side of things

The country where you would like to live?

Argentina

What do you like in wine?

The friendliness it brings

The farm has been in the same family since the 17th century. Our ancestors were millers. The polyculture and livestock have evolved over generations. The vineyard has gradually taken over other productions that were stopped in the 90s. I took over the farm in 2014 and converted to organic farming
