Le Crémant De Gabriel - Bio

CRÉMANT DE BORDEAUX

Village: Teuillac

Total winegrowing area: 30 hectares hectares

Terroir: Clay-sandy soils

Winemaking and ageing: Hand-harvesting in crates at early maturity. Pneumatic pressing, short cycles, low pressure. Fermentation at low temperatures (16- 17°C). Aged using the traditional Champagne method: 11 months in limestone cellars. The bottles are rotated daily for 4 to 6 weeks.

Blend: 100% Sémillon

Tasting comments: Pale yellow robe with green reflections and fine bubbles. Delicate nose with aromas of white flowers. Fresh and fruity on the palate, with a beautiful liveliness.

Food and wine pairings: Seafood, oysters, soft cheeses
